JAPANESE

FLOWERING QUINCE

Choice HYBRID VARIETIES!

Early-blooming Japanese Quince will blossom forth *this spring* with large, breath-takingly beautiful flowers. Subtle reds, salmon-pinks, deep corals and soft rose! May be planted in shrub borders and rockeries, set out as hedge plants, or trained against walls! We offer well-branched specimens, moderately priced!

4 of our Best
HARDY PLANTS
for
HEDGING
and
SCREENING

IBOLIMUM PRIVET. A well known hedge plant combining the vigor of California Privet and the hardness of Iboeta Privet! May be trimmed to any size!

JAPANESE BARBERRY. A dense, thorny hedge plant greatly admired for its delicate green foliage which reddens in fall, and its bright crimson berries in winter!

YEWS (TAXUS). *Slow-growing, dense and evergreen:* Three reasons why the upright varieties of Taxus include the most popular plants for fence and border plantings!

COMPACT CORKBARK EUONYMUS. Ideal for taller hedges and background screening. Very striking bright red foliage in autumn. Will grow in sun or shade!

Many other choice varieties of plants for hedging and screening are now available at our nursery. Discover which are BEST SUITED FOR YOUR NEEDS by consulting our staff of trained landscape experts!

BEAUTIFUL EVERY SEASON OF THE YEAR!
FLOWERING CRAB APPLES

Fragrant blossoms in spring! Full, rounded forms in summer! Red, yellow or russet-green fruit in fall! Delightful silhouettes in winter! No wonder these white, pink and red flowering trees are so tremendously popular! This spring we have the finest selections we have ever offered! Many superb varieties in a wide range of sizes—*moderately priced*—awaiting your personal choice!
